

PinnacleAIS Achieves More Than 300% Growth in 2008

Provider of Asset Integrity Services and Technology to the Petrochemical Sector Continues Exponential Growth in Lagging Economy

April 14, 2009 – Houston, TX – Pinnacle AIS announced today that their 2008 revenues grew by more than 300%, and they more than tripled their employee count in the same period. Last year's tremendous growth coupled with over 600% growth in 2007 makes PinnacleAIS the fastest growing company in their sector.

"The enormous growth we have attained over the past two years really solidifies our extremely customer centric business model which is optimized by the hard work of our employees" stated Ryan Sitton, CEO of PinnacleAIS. "We are, of course, pleased with our continued growth during these economically difficult times, but we are especially pleased with the fact that a significant portion of our growth is with existing customers. It is always rewarding to be regarded as a partner with those companies you serve."

PinnacleAIS also announced today that 2009 first quarter revenues were almost triple of 2008's first quarter and it expects to continue the same growth and hiring trajectory in 2009 as it has experienced over the past two years, including the addition of more than 20 new positions. In addition, Pinnacle has purchased 18 acres of land and will begin construction on their new corporate headquarters in the second quarter of this year.

"It has been exciting to watch Pinnacle grow so rapidly while still maintaining extremely close relationships with their customers" said Richard Scruggs, President of Salient Pharmaceuticals and a PinnacleAIS Advisory Board member. "I have seen many high growth companies leave customer service behind as they grow, but Pinnacle has developed a unique culture where profit never supersedes taking care of the customer."

PinnacleAIS provides state of the art technology and services to the oil and gas sector, and their customer base represents over 50% of the entire refining capacity in the U.S.

About PinnacleAIS (www.pinnacleais.com)
